WHO IS COVERED UNDER THESE LIMITED WARRANTIES?

These limited lifetime warranties apply to you only if you are the original purchaser of the Rigid QPC floor and have paid in full for your floor. These warranties are not transferable / assignable. In the event the style installed is no longer available, the warranty specifies to replace the affected floor with another style of equal value. The above described remedy is the purchaser's sole and exclusive remedy for claim under this limited warranty.

LIFETIME STRUCTURAL WARRANTY

ADT warrants all first quality QPC floors, in their manufactured condition, to be free from defects in material and workmanship including milling, assembly, and dimension. ADT additionally warrants that these QPC floors will not delaminate when properly installed and maintained according to ADT's installation and maintenance procedures.

ADT reserves the right to repair any QPC floor and/or to use its own source to obtain an installer for replacement flooring. If ADT repairs or replaces a QPC floor as a result of a warranty claim, it is the customer's responsibility to clear or remove, at their own expense, any items placed over the affected areas after the original installation. In the event ADT repairs a floor, this warranty shall remain in effect with respect to such floor.

LIMITED LIFETIME WARRANTY FOR FINISH WEAR

Every QPC plank or tile is ready to install out of the carton. Under normal conditions and uses and providing that ADT's maintenance guidelines are strictly followed, ADT warrants that the finish will not wear through or peel off of the flooring during the length of the warranty.

This limited lifetime warranty extends only for defects that cover at least 10% of the surface area of the installed flooring. Also, changes in gloss levels, scratches, and dents in the finish are not considered surface wear and are not covered under this warranty.

LIMITED LIFETIME WATERPROOF WARRANTY

ADT warrants that for the stated warranty period from the date of original purchase, your ADT QPC product will not swell, cup, or crack due to:

- * Normal cleaning practices (see Care and Maintenance document for additional information)
- * Moisture due to everyday household spills (see Care and Maintenance document for additional information)
- * Moisture from subfloor when exposed to such conditions.

All sources of subfloor moisture should be remedied prior to installation. Moisture will not affect the product's integrity in any way. But if excessive moisture accumulates in buildings, subfloors, under the flooring planks, or on building materials, mold and/or mildew growth can occur, especially if the moisture problem remains undiscovered and not remedied. Such mold or mildew is NOT covered by this waterproof warranty.

WARRANTY EXCLUSIONS

ADT does not warrant against natural variations or gloss level between samples/models and installed flooring. Any sample or model shown or used by your seller is for demonstrative purposes only, and such sample or model DOES NOT create a warranty of any kind that the goods you purchased shall conform thereto. Any warranties based on any such sample or models are specifically disclaimed.

1. Damage to surrounding structure, walls, subfloor, fixtures, furniture, underlayment, moldings, trims, subfloor heating elements, or anything that is not the flooring product itself.
2. Damage resulting from mold & mildew growth due to prolonged exposure to moisture.
3. Flooring that is installed outdoors.
4. Darker, solid colors naturally show more scratches and dirt and require more maintenance. We cannot warrant the product against such claims.
5. Shading claims for an overall white or extremely light-colored floor with touching white planks or tiles.

6. Damage caused by fire, flood, moisture intrusion caused by emissions from subfloor, intentional abuse, damage caused by vacuum cleaner beater bar, indentations or damage caused by improper rolling loads, chairs or other furniture not using proper floor protectors or caster wheels, and cutting from sharp objects, asphalt staining and staining from rubber mats, surface scratches, changes in color or sheen appearance when exposed to a natural light source, exterior application or loss due to inconvenience, loss of time, incidental expenses or consequential damages.
7. Minor shading, color or texture differences between samples and delivered product.
8. This Limited Lifetime Warranty excludes all casualty events involving water coming in contact with your floor and failures normally covered by homeowner's insurance including, but not limited to, damages caused by flooding or standing water from leaky pipes, faucets, or household appliances. Also excluded are damages caused by flooding or standing water from hydrostatic pressure or other casualty events.
9. Improper Installation: The floor must be installed according to ADT's installation guidelines.
10. Damage caused by improper storage, handling, or installation methods is not covered by these warranties. 12. Cabinets and other built-in appliances should be installed before installation of the Rigid QPC flooring. They should not be installed on top of floating Rigid QPC flooring. Floors should be installed at the same time as carpets and AFTER finishing the walls to prevent damage from paint, dry wall dust, wallpaper adhesives, and other materials.
13. ADT products are not warranted against squeaking, popping or crackling. Some squeaking, popping, or crackling is possible.
14. Visibly defective product that is installed anyway will not be reimbursed for labor to replace or repair. Visibly defective product should NOT be installed, but returned to dealer for refund or replacement with non-defective product.
